A fully updated revision of the best-selling guide to Adobe Photoshop CS3.

We've received some complaints about the binding of this book, Adobe Photoshop CS3: Up to Speed, falling apart and investigated the issue with our printer. We've inspected the remaining inventory in our warehouse and as far as we can determine the bindings are fine. If you have a defective copy please contact us at: http://www.peachpit.com/about/contact_us/ and choose "defective" from the drop down menu. We would be happy to send you a replacement copy if the binding of the book you purchased is no longer intact. - Glenn Bisignani, Product Marketing Manager This must-have guide goes right to the heart of Photoshop CS3--what has changed, what is new, and how you can get the most out of the features as quickly as possible. Rather than sift through hundreds of pages detailing every last Photoshop feature and function (both old and new), you can go directly to the new features that interest you the most and get the explanations you desire in the classic Ben Willmore style--intuitive, crystal clear, and in-depth. By focusing on a single topic--what's new in this version--the award-winning author provides precisely what experienced Photoshop users have been clamoring for, in exactly the depth they demand. After reading this book--even if you've been using CS3 for a while--don't be surprised to hear yourself say, 'I didn't know CS3 did that!' In addition to learning the new features in no time flat, a welcome side effect of learning from Ben is that you can expect to become a better, faster and more efficient Photoshop user.

Find solutions fast with this handy encyclopedic guide to Photoshop's multitude of terms and options. Conveniently organized in a clear A to Z format, this attractive, illustrated desktop reference covers every action you are likely to make as you manipulate photographs and digital images in Photoshop. Whether you're a beginner or a seasoned Photoshop user, there'll be tools and features you've forgotten, missed or never memorized, but that needn't slow down the creative process. As well as complete A-Z listings that answer all the questions you'll come up against, a step-by-step techniques section covers the everyday tasks you'll refer to again and again. This visual resource is the ideal companion to every Photoshop book on your shelf. Don't start working in Photoshop unless it's by your side!
