Contemplative poems write a contentious love letter to a flawed world. "In poems that focus on gender and race-based violence, environmental destruction, and grief, Chakraborty's Arrow, the reader encounters an impossible poem called 'Dear, beloved.' It's impossible because who could write it? It's as large, in its way, as any epic, but as compressed as any lyric, and as beautiful as any lyric, but as foundational as any lyric, but as foundational as any epic, but it seems to come after all things, though it seems, also, diurnal. And it's impossible also because it's a highlight, not the highlight, of Arrow, a debut as assured as any first or last book, as compelling as any, as well-made." —Shane A. McCrae "I stand in awe of Sumita Chakraborty's visionary as any first or last book, as compelling as any, as well-made." —Shane A. McCrae "I stand in awe of Sumita Chakraborty's visionary as any first or last book, as compelling as any epic, but it seems to come after all things, though it seems, also, diurnal. And it's impossible also because it's a highlight, not the highlight, of Arrow, a debut as assured as any first or last book, as compelling as any epic, but at a compressed as any lyric, and as beautiful as any lyric, but as foundational as any epic, but as compelling as any epic, but as compelling as any epic, but as foundational as any epic, but as found collection, by turns epic and compressed in scope, weighty in its tapestry-like materiality and sleekly dynamic as an arrow. The mythic and literary, here, are invigorated by seeming autobiography, which in turn gains collective energy and heft from the poems' timeless tropes and themes. Seamless and diverse in form, cosmic in subject and image, one feels in the presence of an oracular intelligence and an abiding lyric imagination." —Diane Seuss "This powerful and endlessly mysterious collection of poems is a book of fables, of revised narratives, and of realigned songs, brightly lifted above our bodies and their stories, our planet, and our sense of time itself. How does she do it? Mad Ireland hurt

contemporary analyses, and cutting-edge research from a range of scientific disciplines, bestselling author, physician, sociologist, and public health expert Nicholas A. Christakis explores what it means to live in a time of plague—an experience that is paradoxically uncommon to the vast majority of humans who are alive, yet deeply fundamental to our species. Unleashing new divisions in our society as well as opportunities for cooperation, this 21st-century pandemic has upended our lives in ways that will test, but not vanquish, our already frayed collective culture. Featuring new, provocative arguments and vivid examples ranging across medicine, history, sociology, epidemiology, data science, and genetics, Apollo's Arrow envisions what happens when the great force of a deadly germ meets the enduring reality of our evolved social nature.

A piercing and scientifically grounded look at the emergence of the coronavirus pandemic and how it will change the way we live—"excellent and timely." (The New Yorker) Apollo's Arrow offers a riveting account of the coronavirus pandemic as it swept through American society in 2020, and of how the recovery will unfold in the coming years. Drawing on momentous (yet dimly remembered) historical epidemics,

Darling Arrow, I shouldn't be writing this. It's not as if I'm ever going to send you this letter, and there are a million reasons why. First of all, I was sent to this reform school as a punishment for a petty, totally inconsequential crime. Not to ogle the principal's hot son around the campus. Second of all, you're a giant jerk. You're a giant jerk. You're arrogant and moody and so cold. Sometimes I think I shouldn't even like you. But strangely your coldness sets me on fire. The way your athletic body moves on the soccer field, and the way your powerful thighs sprawl across that motorcycle of yours, make me go inappropriately breathless. But that's not the worst part is that you, Arrow Carlisle, are not only the principal's hot son. You also happen to be the love of my sister's life. And I really shouldn't be thinking about my sister's boyfriend, or rather fiancé (I overheard a conversation about the ring that I shouldn't have). Now if I can only stop writing you these meaningless letters that I'll never send and you'll never read... Never yours, Salem NOTE: This is a STANDALONE novel set in the world of St. Mary's KEYWORDS: Sports romance, secret love letters, bully romance, angsty romance, opposites attract romance, high school romance.

All the birds enjoy the song-like flute music of Jabut, the tortoise, except Vulture who, jealous because he cannot sing, tricks Jabut into riding his back toward a festival planned by the King of Heaven. By the creator of Raven: A Trickster Tale from the Pacific Northwest. Reprint.

him into poetry, W. H. Auden wrote about Yeats, and as the hurt enters Chakraborty's language, we see that in speech violated, sounds and meanings—and even the oldest of human mysteries, like 'the etymology of love'—are redefined. All one can do is repeat: this is an endlessly compelling book. Bravo." —Ilya Kaminsky

The gods are abandoning the earth, tempted by other worlds where they can live in peace. Only a few keep an interest in mortals. In their place, darker, more ancient forces are wakening... Silvius is given a task by a dying centaur. The dark god Python is rising and massing an army of immense power. The only thing that can save the world is the Arrow of Apollo – but it has been split into two. Silvius and his friend Elissa must travel to the land of their sworn enemies, the Achaeans. Meanwhile, Tisamenos is facing his own dangers in Achaea. A plot is afoot against him and his father, and it falls to him to stop it. When Silvius, Elissa and Tisamenos meet, they enter a final, terrifying race to bring together the pieces of the Arrow and use it to lay Python low once more.
