British foreign policy initially focused on achieving a balance of power within Europe, with no one country achieving dominance over the affairs of the continent. This policy remained a major justification for Britain's wars against Napoleon, and for British involvement in the First and Second World Wars .

A consistently malign force in international affairs – that 's the verdict of this magnificent historical survey of British foreign policy since 1870. British governments have unerringly interfered to keep down workers and nations intent on improving their lot in order to preserve the earth as a paradise for ruling class pillage, looting and exploitation.

These were the first Games since Berlin in 1936. The 1940 Games went to Tokyo, then Stockholm, but were cancelled - as were the 1944 games - due to World War Two. ... He focused on foreign affairs ...

This book survey Britain 's foreign policy since 1870. Conventional accounts stress the rulers ' benevolent rhetoric: I present the evidence that refutes this superficial, liberal view. Britain 's economy is the key to understanding its foreign policy: capitalism causes a conflict-ridden foreign policy. The rulers ' focus has been on seizing profits from abroad, for which they have sacrificed the welfare of the British people. British governments - Conservative, Liberal and Labour alike -

Get Free British Foreign Policy Since 1870

have represented the tiny minority who own the means of production, and have opposed the great majority who have to work for a living. The ruling class's external focus has also damaged relations with other countries and helped to produce the two recurring types of war - wars between rival empires and wars against national liberation.

Examines the nature and role of British diplomacy in the age of the American Revolution, and the reasons why, unlike her other 18th-century conflicts, Britain fought that war without a major European ally.

A challenging analysis of British Foreign Policy is provided at a time when Britain possessed the biggest Empire that

Get Free British Foreign Policy Since 1870

humankind has ever known. In this Empire India had a unique position, comprising 97 per cent of Britain's Asiatic Empire. All British statesmen deemed it essential to maintain their hold over India whatever the risk or cost of doing so. This work focuses on aspects that have been hitherto marginalized. It also contributes to debates surrounding the origins of the First World War, the multipolar diplomacy of the late nineteenth century, and the nature of imperial connections.

British Foreign Policy since 1945 brings a chronological approach to the study of British foreign policy since the Second World War in order to make the principal events and dynamics accessible within a broader historical and cultural context. The key features included in this book: a

Get Free British Foreign Policy Since 1870

detailed chronological survey of developments in post-war British politics; an integrated discussion of foreign and domestic policy developments indicating connections and interlocking themes; illustrations of British foreign policy drawn from popular culture; analysis of Britain ' s role in the world, particularly in regards to the UK ' s 'special relationship' with the US and its decision to leave the EU; a range of in-text features including essay questions and seminar / discussion topics. This timely book will be essential reading for anyone interested in British politics, foreign policy analysis and British history.

This series supports the AS and A-Levels starting September 2000. The series provides coverage of all the most popular

Get Free British Foreign Policy Since 1870

topics, so you can cover the whole of the specification with up-to-date resources. This text concentrates on European diplomacy between the years 1870 and 1939.

This study brings together the expertise of an international group of scholars to survey the development of political and economic relations between Britain and the Netherlands from the Napoleonic era to the present day. It illuminates both the underlying refrain of harmony in international outlook, ideology and interests that often made for close co-operation between the two countries, and also their episodic instances of conflict. The contributors address topics ranging from Anglo-Dutch relations in the era of imperialism; the tensions created by Dutch neutrality in the First World; the challenges of the inter-war years; the role

Get Free British Foreign Policy Since 1870

of the Dutch in British strategy during the Second World War; colonialism and decolonisation; and, most recently, bilateral relations in the European framework. Based on detailed research in British and Dutch archives, *Unspoken Allies* provides new insights into relations between two of the principal "amphibious" powers of Europe across the last two centuries.

External challenges, strategic threats, and war have shaped the course of modern British history. This volume examines how Britain mobilized to meet these challenges and how developments in the constitution, state, public sphere, and economy were a response to foreign policy issues from the Restoration to the rise of New Labour.
