A Distant Shore - Caryl Phillips

An elaborate character study, with fluid prose and cunning subtext, A Distant Shore is a powerful book. A brief friendship between a repressed English schoolmarm with issues and an immigrant man fleeing his country after a bloody war, triggers the flashback - first Dorothy, then the man called Solomon.

With breathtaking assurance and compassion, Caryl Phillips retraces the paths that lead Dorothy and Solomon to their meeting point: her failed marriage and ruinous obsession with a younger man, the horrors he witnessed as a soldier in his disintegrating native land, and the cruelty he encounters as a stranger in his new one.

Abstract This article discusses Caryl Phillips' novel, A Distant Shore (2004), in the light of recent work by John McLeod and Bill Ashcroft's notion of the transnation to describe a revised sense of the British nation within which new resemblances gesture towards the potential for a post-racial society.

And yet each harbors secrets that may make attaining it impossible. estate, retired teacher Dorothy meets night watchman Solomon, an illegal immigrant, in a tale that recounts their experiences as solitary outsiders in a hostile world. Reprint. 12,500 first printing.

The English village is a place where people come to lick their wounds. Dorothy has walked away from a bad thirty-year marriage, an affair gone sour and a dangerous obsession. Between her visits to the doctor and the music lessons she gives to bored teenagers, she is trying to rebuild a life. It's not immediately clear why her neighbour, Solomon, is living in the village, but his African origin suggests a complex history that is at odds with his dull routine of washing the car and making short trips to the supermarket. with the English is a shared language, it soon becomes clear that Solomon hopes that his new country will provide him with a safe haven. Gradually they establish a form of comfort in each other's presence that alleviates the isolation they both feel.

Winner of the Hurston/Wright Legacy Award Caryl Phillips's *The Lost Child* is a sweeping story of orphans and outcasts, haunted by the past and fighting to liberate themselves from it. At its center is Monica Johnson—cut off from her parents after falling in love with a foreigner—and her bitter struggle to raise her sons in the shadow of the wild moors of the north of England. Phillips intertwines her modern narrative with the childhood of one of literature's most enigmatic lost boys, as

he deftly conjures young Heathcliff, the anti-hero of Wuthering Heights, and his ragged existence before Mr. Earnshaw brought him home to his family. The Lost Child is a multifaceted, deeply original response to Emily Bronte's masterpiece, Wuthering Heights. A critically acclaimed and sublimely talented storyteller, Caryl Phillips is "in a league with Toni Morrison and V. S. Naipaul" (Booklist) and "his novels have a way of growing on you, staying with you long after you've closed the book." (The New York Times Book Review) A true literary feat, The Lost Child recovers the mysteries of the past to illuminate the predicaments of the present, getting at the heart of alienation, exile, and family by transforming a classic into a profound story that is singularly its own.

From an acclaimed, award-winning novelist comes this brilliant hybrid of reportage, fiction, and historical fact: the stories of three black men whose tragic lives speak resoundingly to the problem of race in British society. With his characteristic grace and forceful prose, Phillips describes the lives of three very different men: Francis Barber, “given” to the 18th-century writer Samuel Johnson, whose friendship with Johnson led to his wretched demise; Randolph Turpin, a boxing champion who ended his life in debt and decrepitude; and David Oluwale, a Nigerian stowaway who arrived in Leeds in 1949 and whose death at the hands of police twenty years later was a wake up call for the entire nation. As Phillips weaves together these three stories, he illuminates the

first black entertainer in the U.S. to reach the highest levels of fame and fortune. After years of struggling for success on the stage, Bert Williams (1874—1922), the child of recent immigrants from the Bahamas, made the radical decision to don blackface makeup and play the “coon.” Behind this mask he became a Broadway headliner—as influential a comedian as Chaplin, Laurel and Hardy, and W. C. Fields, who called him “the funniest man I ever saw, and the saddest man I ever knew.” It is this dichotomy at Williams’ core that Phillips explores in this richly nuanced, brilliantly written novel, unblinking in its attention to the sinister compromises that make up an identity.

as the bard of the African diaspora comes a haunting work about “the final passage”—the exodus of black West Indians from their impoverished islands to the uncertain opportunities of England. In her village of St. Patrick’s, Leila Preston has no prospects, a young son, and a husband, Michael, who seems to prefer the company of his mistress. So when her ailing mother travels to England for medical care, Leila decides to follow her. As Caryl Phillips follows the Prestons’ outward voyage—and their bewildered attempt to find a home in a country whose rooming houses post signs announcing “No vacancies for coloureds”—he produces a tragicomic portrait of hope and dislocation. The Final Passage is a novel rich in language, acute in its grasp of character, and unforgettable in its vision of the colonial legacy. “Like Isabel
