The position and treatment of women in every religion, culture, and society have been subjects of concern for a long time. In every society, women fight for their

emancipation from exploitive and oppressive patriarchal structures. The most contentious issues include domestic violence, gender discrimination and inequality in the areas of employment, leadership, and

marriage. Domestic violence tops the list and is the worst enemy of any progressive and democratic society. It dehumanizes, disfigures, and demeans its victims and survivors. Shona Women in Zimbabwe--a Purchased People
