Truth is ever to
be found in
simplicity and
not in
multiplicity and

Where To Download

confusion of
things. I have
just three
things to teach
or say: to the
contemporary
Humans that
simplicity,
Patience and
compassion are
the three
building blocks
of humanity.
Simplicity and

Where To Download

humanity are the
ultimate
sophistications
of human

civilization.

They are the
essence of
happiness since
great acts are
made up of small
deeds. All I
have is a sense
of duty toward
all people and

Where To Download

attachment to
those with whom
I have become
intimate. Thus
the next
evolutionary
step for me that
mankind is to be
more from man to
kind. Earth
provides enough
to satisfy every
man's need not
everyman's

Where To Download

greed. Hence I have taken up writing books to mould other beings to be humans not as savage since we Hominids were savage in early stage and now it is high time to turn out ourselves into humans.

Where To Download

Simplicity,
which is the
essence of
happiness, is
great act of
humans for doing
small deeds.

This my story in
