A group of resourceful kids start solution-seekers.com, a website where cybervisitors can get answers to questions that trouble them. But when one questioner asks the true meaning of Christmas, the kids seek to unravel the mystery by journeying back through the prophecies of the Old Testament. What they find is a series of S words that reveal a spectacular story! With creative characters, humorous dialogue and great music, The S Files is a children's Christmas musical your kids will love performing.

Jimmy was only nine years old when he was molested and sexually assaulted in London's dingy East End. He struggled to keep his dark secret, while coping with being adopted and his illiterate father's violent outbursts. Desperately needing to be loved, Jimmy accepts an offer of 'conditional kindness' from Tom, his scoutmaster. Now, after a lifetime of secrets, his story can be told as Tom is now dead, so....

Prolactin Secretion: A Multidisciplinary Approach covers the proceedings of the 1982 symposium on the frontiers and perspective of prolactin secretion through a

multidisciplinary approach, convened in Nabor Carrillo Hall of the National University of Mexico. The symposium represents a genuine interdisciplinary effort to provide insights into the complexities of prolactin. Separating 24 manuscripts into chapters, this book first discusses studies on the molecular evolution of prolactin (PRL) and the related growth hormones and placental lactogens and the relevance of these studies for biological ...

In *Mordin On Time*, Nick Mordin sets out his method for answering the most fundamental question facing punters in any race, namely: which is the fastest horse? He was timing the sections of races with a stop watch, estimating wind strength and direction, adjusting for movements of running rails, using projected times and calculating average times years before the best-selling American books on speed rating were published. This new edition incorporates much new material, including standard times for all Irish racecourses (plus the major French ones). *Mordin On Time* enables the reader to construct their own speed ratings wherever they live.

In *How to Super Tune and Modify Holley Carburetors*, best selling author Vizard explains the science, the function, and most importantly, the tuning expertise required to get your Holley carburetor to perform its best for your performance application.
