Carlos is a lover of women. He loves them passionately, intensely, and deeply, and he tries to be sincere and tender. He is sensual and caring, generous in his affection and attention, and prone to fall ardently in love. His sensual adventures, filled with the pursuit of beauty and every possible hedonistic pleasure, take him to three different countries. In each country, he loses his heart on the perpetual quest for the elusive love of his life. He knows that each woman he romances is ready to be loved, and it ' s up to him to unlock the mystery of her inner heart if he desires access to more. But on his lust-fueled quest, he finds an unexpected surprise in an older woman. Has he finally found the one woman he could love forever in this sophisticated and beautiful woman he meets? Is she the woman of his dreams, his fantasies, his heart ' s desire? Only time will tell. The heart wants what the heart wants, and Carlos knows just how far he will go to see his most fervent dreams come true.

Do you want your students to just take psychology or to experience psychology? Experience Psychology is a complete learning system that empowers students to personally, critically, and actively experience the impact of psychology in everyday life. Experience Psychology is about, well, experience—our own behaviors; our relationships at home and in our communities, in school and at work; and our interactions in different learning environments. Grounded in meaningful real-world contexts, Experience Psychology ' s contemporary examples, personalized author notes, and applied exercises speak directly to students, allowing them to engage with psychology and to learn verbally, visually, and experientially—by reading, seeing, and doing. With the Experience Psychology learning system, students do not just “ take ” psychology but actively experience it. Experience a Personalized Approach How many students think they know everything about introductory psychology but struggle on the first exam? LearnSmart, McGraw-Hill ' s adaptive learning system, pinpoints students ' metacognitive abilities and limitations, identifying what they know—and more importantly, what they don ' t know. Using Bloom ' s Taxonomy and a highly sophisticated “ smart ” algorithm, LearnSmart creates a personalized, customized study plan that ' s unique to each individual student ' s demonstrated needs. With virtually no administrative overhead, instructors using LearnSmart are reporting an increase in student performance by a letter-grade or more. Throughout Experience Psychology, students find a wealth of personal pedagogical “ asides ” directly from Laura King to guide their understanding and stimulate their interest as they read. Some of these helpful notes highlight crucial terms and concepts; others prompt students to think critically about the complexities of the issues; other notes encourage students to apply what they have learned to their prior reading or to a new situation. These mini-conversations between author and students help develop analytical skills for students to carry and apply well beyond their course. Experience an Emphasis on Critical Thinking Experience Psychology stimulates critical reflection and analysis. Challenge Your Thinking sidebar features involve

students in debates relevant to findings from contemporary psychological research. Thought-provoking questions encourage examination of the evidence on both sides of a debate or issue. Also oriented toward critical thought are the text's Intersection selections. Showcasing studies in different areas of psychological research that are being conducted on the same topic, the Intersections shed light on the links between, and the reciprocal influences of, this exciting work, and they raise provocative questions for student reflection and class discussion. Experience an Emphasis on Active Engagement With the new Experience It! feature, students can use their mobile devices to practice and master key concepts wherever and whenever they choose. By snapping easily located QR codes, students gain access to videos, Concept Clips, and related news articles, for a highly portable, rich, and immersive experience that powerfully reinforces the chapter reading. Through Do It!, a series of brief, reoccurring sidebar activities linked to the text reading, students get an opportunity to test their assumptions and learn through hands-on exploration and discovery. Reinforcing that the science of psychology requires active participation, Do It! selections include, for example, an exercise on conducting an informal survey to observe and classify behaviors in a public setting, as well as an activity guiding students on how to research a "happiness gene." Such exercises provide students with a vibrant and involving experience that gets them thinking as psychologists do. Experience Psychology helps students to perform to their maximum potential in and out of the classroom, fully engaging them in the content and experiences that comprise the world's most popular undergraduate major.

Whether starting from scratch with the basics of measuring and kitchen safety or creating a meal for the family, Betty Crocker Kids Cook is both teacher and creative outlet. Betty Crocker has been helping kids in the kitchen since 1957 with the publication of Betty Crocker's Boys and Girls Cookbook. Betty Crocker Kids Cook provides the same blend of teaching and creativity, helping today's kids learn to cook and have fun at the same time. The book has 66 I-want-to-make-that recipes, plus engaging illustrations and photos of each recipe that blend whimsy and practicality. The book covers Breakfast, Lunch, Snacks, Dinner and Desserts as well as kitchen essentials, including cooking safety and nutrition basics. This is the book that will teach kids to feel comfortable in the kitchen, whether assembling a healthy snack like Strawberry-Orange Smoothies or whipping up a dinner of Impossibly Easy Mini Chicken Pot Pies with Fresh Fruit Frozen Yogurt Pops for dessert.

LIKE CLASS NOTES—ONLY BETTER. The Princeton Review's ASAP World History is designed to help you zero in on just the information you need to know to successfully grapple with the AP test. Advanced Placement exams require students to have a firm grasp of content—you can't bluff or even logic your way to a 5. Like a set of class notes borrowed from the smartest student in your grade, this book gives you exactly that. No tricks or crazy stratagems, no sample essays or practice sets: Just the facts, presented with lots of helpful visuals. Inside ASAP World History, you'll find:

- Essential concepts, people, events, dates, and ideas for AP World History—all explained clearly & concisely
- Lists, charts, tables, and maps for quick visual reference
- A three-pass icon system designed to help you prioritize learning what you MUST, SHOULD, and COULD know in the time you have available
- "Ask Yourself" questions to help identify areas where you might need extra attention
- A resource that's perfect for last-minute exam prep or as a handy resource for daily class work

Topics covered in ASAP World History include:

- All six time periods featured on the exam
- Major ancient & classical civilizations, states, and empires
- Globalization & exploration
- Imperialism & capitalism
- Revolutions & the formation of nations
- 20th-century developments such as World War I and II and Communism
- Independence movements in Asia & Africa ... and more!

Looking for sample exams, practice questions, and test-taking strategies? Check out our extended, in-depth prep guide, *Cracking the AP World History Exam!*

When supervillains of the Vindico realize they are getting too old to fight the League of Heroes, they kidnap and begin training five teens, but James, Lana, Hayden, Emily, and Sam will not become the next generation of evil without a fight.

Day Bang is a 201-page book that teaches you how to pick up women during the day, primarily in a coffee shop, clothing store, bookstore, grocery store, subway, or on the street. It contains 51 openers, 23 long dialogue examples with commentary, and dozens of additional lines that teach by example. Day Bang includes...

- The optimal day game mindset that leads to the most amount of success
- An easy mental trick to prevent your brain from going into a flight-or-fight response when it's time to approach a woman you're attracted to
- A detailed breakdown of how to use the "elderly opener," an easy style of approach that reliably starts conversations with women
- 2 ways to tell if a girl will be receptive to your approach
- How to avoid the dreaded "interview vibe"
- 10 common mistakes guys make that hurt their chances of getting a number

Day Bang shares tons of tips and real examples on having successful conversations. It teaches you...

- How to use my bait system to get the girl engaged and interested in you
- How to segue out of the initial opening topic into a more personal chat where you'll get to know the girl on a deeper level
- How to take the interesting things you've done (your accomplishments, hobbies, and experiences) and morph them into bait hooks that gets the girl intrigued enough to want to go out with you
- My "Galnuc" method to seamlessly get a girl's number
- An easy hack at the end of your interactions that will reduce the chance of a flake and prime the girl for going out with you
- Ways to open up a conversation on a girl who isn't giving you much to work with

Day Bang goes into painstaking detail on how to approach women in a variety of common environments...

- How to open a girl in coffee shops when she has a book, laptop, mp3 player, cell phone, research paper, crossword or Sudoku puzzle, or nothing at all
- Two methods for approaching a girl on the street, depending on if she's moving or not, with a diagram to explain all the approach variations
- How to approach in a retail store or mall environment, with openers to use on customers or sales clerks
- How to approach in bookstores, with specific tips on how to customize your approaches in the cafe, magazine section, or general book aisles
- How to meet women in public transportation, on both the bus and subway
- How to meet women in grocery stores
- How to approach girls in secondary venues like a beach, casino, concert, gym, hair salon, handicraft fair, museum, art show, park, public square, or wine festival

Dozens of additional topics are logically organized into 12 chapters...

- Preparation. How to reduce your approach anxiety
- Opening. How to deliver your opener in a way that doesn't scare women away
- Rambling. How to have conversations that make women interested in you
- Closing. How to get a number in a way that reduces the chance she'll flake

The Coffee Shop. How to pick up in coffee shops and cafes

The Street. How to pick up outdoors

The Clothing Shop. How to pick up in retail shops, malls, and big box stores

The Bookstore. How to pick up in bookstores

Public Transportation. How to pick up in the bus, subway, or long distance transportation

The Grocery Store. How to pick up in grocery stores

Other Venues. How to pick up just about anywhere else women can be found

Putting It All Together. How to maximize your day game potential

The lessons taught in this 75,000 word, no-fluff textbook will help you meet women during the day. If you need tips on what to do after getting her number, consult my other book *Bang*, which contains an A-to-Z banging strategy. Day Bang focuses exclusively on daytime approaching.

Two mismatched teenage girls must find their way back home to New Jersey after being zapped into the pages of a fantasy novel.
