The second edition of International Marketing includes greater coverage of digital marketing, social and interactive marketing. For example, Sri Lankan farmers connecting to markets via mobile phones, Indonesia and intellectual property rights violations and how high fashion is harnessing the internet to become more accessible. It also benefits from increased focus on ethics and sustainability as well as more content relating to emerging markets as a direct result of market feedback. In this era of rapid global economic growth and change, an understanding of how marketing is impacted by culture and society is vitally important. This leading text provides a well-rounded perspective of international markets that encompasses history, geography, language, and religion as well as economics. Cateora helps students to see the cultural and environmental uniqueness of any nation or region. This edition provides a particular focus on the changing dynamics in the Asia Pacific region and their importance in the wider global context.

International Marketing addresses global issues and describes concepts relevant to all international marketers, regardless of their international involvement. Notwithstanding the extent of global perspective that firms may have, they are affected by the competitive activity in the global marketplace. It is this perspective that the authors bring into this edition of the text. The text focuses on the strategic implications of competition in different markets. The environmental and cultural approach to international marketing permits a truly global orientation. Thus the reader's horizon is not limited to any specific nation but the text provides an approach and framework for identifying and analyzing the important cultural and environmental uniqueness of any nation or global region. Salient Features: ? 10 Indian cases included in the book ? New sections on negative impact of new communication tools, intellectual property rights in the international context, Brexit, inventive international negotiation etc. ? Thoroughly updated data, text, pictures and exhibits across the chapters ? More than 100 new academic articles and their findings integrated and cited across the chapters

Pioneers in the field, Cateora, Gilly, and Graham continue to set the standard in this 18th edition of International Marketing with their well-rounded perspective of international markets that encompass history, geography, language, and religion as well as economics, which helps students see the cultural and environmental uniqueness of any nation or region. The dynamic nature of the international marketplace is reflected in the number of substantially improved and expanded topics in this 18th, including the following over 100 new academic articles and their findings. All data, text, photos and images have been updated for currency, as has the corresponding content within McGraw-Hill Education's Connect with adaptive SmartBook. Additional updates include: NEW Cases: New cases accompany the 18e, enlivening the material in the book and class discussions while broadening a student's critical thinking skills. These cases bring forth many of the topics discussed in the chapters

and demonstrate how these concepts are dealt with in the real world. These cases can be assigned in Connect and SmartBook. Optionally, a case booklet can be create using McGraw-Hill CREATE. Crossing Borders Boxes: These invaluable boxes offer anecdotal company examples. These entertaining examples are designed to encourage critical thinking and guide students through topics ranging from ethical to cultural to global issues facing marketers today. 4-Color Design: New color maps and exhibits allow for improved pedagogy and a clearer presentation of international symbols and cultural meanings in marketing and advertising. In addition, photos that depend on full color for maximum impact easily bring many global examples to life.

An introduction to marketing concepts, strategies and practices with a balance of depth of coverage and ease of learning. Principles of Marketing keeps pace with a rapidly changing field, focussing on the ways brands create and capture consumer value. Practical content and linkage are at the heart of this edition. Real local and international examples bring ideas to life and new feature 'linking the concepts' helps students test and consolidate understanding as they go. The latest edition enhances understanding with a unique learning design including revised, integrative concept maps at the start of each chapter, end-of-chapter features summarising ideas and themes, a mix of mini and major case studies to illuminate concepts, and critical thinking exercises for applying skills.

Management Information Systems provides comprehensive and integrative coverage of essential new technologies, information system applications, and their impact on business models and managerial decision-making in an exciting and interactive manner. The twelfth edition focuses on the major changes that have been made in information technology over the past two years, and includes new opening, closing, and Interactive Session cases.

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Student Value Editions also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of MyLab™ and Mastering™ platforms exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab and Mastering platforms. For courses in international business. This package includes MyLab Management . International business through theory and practice Balancing authoritative theory and meaningful practice, International Business engages readers on the subject of conducting business in international markets. Introduction to Finance, 17th Edition offers students a balanced introduction to the three major areas of finance: institutions and markets, investments, and financial management. Updated to incorporate recent economic and financial events, this new edition is an ideal textbook for first courses in finance—reviewing the discipline’s essential concepts, principles, and practices in a clear, reader-friendly manner. Students gain an integrated perspective of finance by learning how markets and institutions influence, and are influenced by, individuals, businesses, and governments. Designed to impart financial literacy to readers with no previous background in the subject, the text provides a solid foundation for students to build upon in later courses in financial management, investments, or financial markets. Equations and mathematical concepts are kept to a minimum, and include understandable, step-by-step solutions. Divided into three parts, the book explains financial markets, discusses the functions of financial systems, reviews savings and investments in different sectors, describes accounting concepts and organizational structures, and more. Real-world examples featured throughout the text help students understand important concepts and appreciate the role of finance in various local, national, and global settings.

This book is carefully designed and correlated to the thirteen telecourse video programs to enrich your understanding of economic principles.
