A fascinating challenge and great training tool, these two- three- and four-move checkmates are great for beginning, intermediate, and expert players. Mates are in order of difficulty, from simple to very complex positions. Learn the standard patterns for cornering the king, corridor and support mates, attraction and deflection sacrifices, pins and annihilation, the quiet move, and the dreaded zugzwang. Mate challenges are presented from both Blacks and Whites perspective so players learn to see both sides of the board. Examples from old classics to the new millenium illustrate a wide range of ideas. This book is lots of fun and an easy way for a player to improve skills! 192 pages
