The sixth edition of *The Gendered Society* explores current thinking about gender, both inside academia and in our everyday lives. Michael Kimmel challenges the claim that gender is limited to women's experiences--his compelling and balanced study of gender includes both masculine and feminine perspectives. Kimmel makes three bold and

Read Free Kimmel M And Aronson A K Livingston I L

persuasive statements about gender. First, he demonstrates that gender differences are often extremely exaggerated; in fact, he argues that men and women have much more in common than we think they do. Kimmel also challenges the pop psychologists who suggest that gender difference is the cause of inequality between the sexes; instead, he reveals that the reverse is true—gender inequality itself is the cause of the differences between men and women. Finally, he illustrates that gender is not merely an element of individual identity, but a socially

Read Free Kimmel M And Aronson A K Livingston I L

constructed institutional
phenomenon.

The battle between the sexes
has raged on for centuries;
however, are men and women
really from different
planets? In *The Gendered
Society Reader, Fourth
Edition*, coeditors Michael
Kimmel and Amy Aronson pull
together an array of dynamic
voices--both male and
female, classic and
contemporary--to examine
various interpretations of
gender. These lively, in-
depth readings explore
gender discourse over a wide
range of disciplines,
focusing primarily on two
central issues: difference

Read Free Kimmel M And Aronson A K Livingston I L

and domination. Carefully balanced to reflect the diversity of its subject, this text addresses provocative and fundamental questions including: * How are males and females different? * What do these differences mean? * How do various cultures and religions interpret gender? * Why do societies continue to differentiate people on the basis of gender? * Why is it that almost every known society is based on male domination? This reader mirrors the intuitive structure of Kimmel's companion volume, *The Gendered Society*, Fourth Edition. The first sections

Read Free Kimmel M And Aronson A K Livingston I L

are arranged by discipline, presenting analyses of theoretical perspectives and research inquiries. The final sections examine the often fraught relationships between gender and education, the workplace, the media, the body, the family, love, sex, and violence. The celebrated contributors include Peggy Reeves Sanday, Judith Lorber, Robert M. Sapolsky, Scott Coltrane, and many more. Thoroughly updated with rich and timely new material, the fourth edition features twenty-one new selections, including three essays in a new section on religion, four new

Read Free Kimmel M And Aronson A K Livingston I L

selections on gender and the media, and a new article on non-heterosexual families.

This edition is also

supplemented by an

Instructor's Manual/Test

Bank, which includes

discussion questions. A

popular and now classic

text, *The Gendered Society*

Reader, Fourth Edition, is

both informative and

entertaining; it is required

reading for students,

scholars, and anyone curious

about the fascinating study

of gender. Michael Kimmel's

textbook, *The Gendered*

Society, Fourth Edition

(OUP, 2010), provides a

perfect complement for

important debates in areas
of the humanities & natural
sciences.

For Howard University

Pearson 2009
For more than three decades,
the women's movement and its
scholars have exhaustively
studied women's complex
history, roles, and
struggles. In *Manhood in
America: A Cultural History*,
Fourth Edition, author
Michael Kimmel argues that
it is time for men to
rediscover their own
evolution. Drawing on a
myriad of sources, he
demonstrates that American
men have been eternally
frustrated by their efforts
to keep up with constantly
changing standards. Kimmel

Read Free Kimmel M And Aronson A K Livingston I L

contends that men must follow the lead of the women's movement; it is only by mining their past for its best qualities and worst excesses that men will free themselves from the constraints of the masculine ideal.

A much-needed, often startling debate on the personal and political dimensions of masculinity.
