Build your confidence, increase your value, and make a lasting impact—a brand authenticity expert shares her most powerful secrets. Everyone in marketing is talking " authenticity. " Which means making a personal or professional brand should be simpler than ever, right? What could be easier than " being yourself? " Simple? Sure. But easy? Not so much. Why? Because authenticity is unfiltered, unapologetic, and honest. Authenticity owns its imperfections and takes responsibility for mistakes. It shows up on the good and bad days. In short, authenticity feels scary. No wonder we try to brand ourselves as someone else we think will be more appealing than our real selves. Jessica Zweig founded the SimplyBe. agency to revolutionize an authenticity-first approach to branding. With Be: A No-Bullsh\*t Guide to Increasing Your Self Worth and Net Worth by Simply Being Yourself, she shares her most powerful secrets for building authenticity, service, and real connection into your winning brand. Your Personal Brand Hologram®—SimplyBe. ' s universal framework can crystallize your utterly unique brand platform. The Supernova™—Create winning content with the secret sauce of consistency and clarity. The Pinnacle Content Framework™—Take the stress out of strategy and find the most direct, effective path toward your goals. Living Your Brand—Take your authentic personal brand where it matters most: offline and into your relationships, your workplace, and the way you show up in the world. " We are living at an inflection point, " says Jessica Zweig. " For any brand—business or personal—the game is no longer about eyeballs, but engagement. No longer about impressions, but impact. Content is no longer king, clarity is. Your best strategy? Service and generosity. Your best solution? Authenticity. " Here is a powerful guide for connecting with others, changing lives, and moving the world forward as only you can.

I believe it's time for women to begin rise up. Not with an entitled chip on our shoulders, but with strength, humility, courage, perseverance, and bold faith to be the women God has called us to be. There is nothing more beautiful in this world than a strong, God-fearing, faith-filled, woman who knows who she is and Whose she is. Jessica walks you through practical steps to have a relationship where God is your number one, above money, the man you are with, or your own deep rooted insecurities. She shares: How to walk through your past. How to love without expectation. How your relationship with God directly affects the wife you can become or already are. It's time to look to Jesus instead of your expectations and entitlements. Hold on, because God is going to take you for a wild ride!

The #1 New York Times Bestseller Jessica reveals for the first time her inner monologue and most intimate struggles. Guided by the journals she's kept since age fifteen, and brimming with her unique humor and down-to-earth humanity, Open Book is as inspiring as it is entertaining. This was supposed to be a very different book. Five years ago, Jessica Simpson was approached to write a motivational guide to living your best life. She walked away from the offer, and nobody understood why. The truth is that she didn ' t want to lie. Jessica couldn ' t be authentic with her readers if she wasn ' t fully honest with herself first. Now America ' s Sweetheart, preacher ' s daughter, pop phenomenon, reality tv pioneer, and the billion-dollar fashion mogul invites readers on a remarkable journey, examining a life that blessed her with the compassion to help others, but also burdened her with an almost crippling need to please. Open Book is Jessica Simpson using her voice, heart, soul, and humor to share things she ' s never shared before. First celebrated for her voice, she became one of the most talked-about women in the world, whether for music and fashion, her relationship struggles, or as a walking blonde joke. But now, instead of being talked about, Jessica is doing the talking. Her book shares the wisdom and inspirations she ' s learned and shows the real woman behind all the pop-culture clich é ' s — " chicken or fish, " " Daisy Duke, " "football jinx," " mom jeans, " " sexual napalm..." and more. Open Book is an opportunity to laugh and cry with a close friend, one that will inspire you to live your best, most authentic life, now that she is finally living hers.

How do you know whether to stay in a relationship or leave? For years Jessica Juliano pondered that very question and those two equally terrifying options. A decade of back to back relationships left her search for the perfect companion unfulfilled. After sacrificing so much of herself along the way - body, livelihood, identity - she began the quest for happiness within. Eventually the question of staying or leaving became easy to answer. Worthy of Me is an intimate account of why we make the choices we do - staying in one place too long, hurting those we love, hiding from the truth, and searching for happiness outside of ourselves. Within these pages are the answers we seek - how to rediscover a lost identity, find wholeness within, and stay true to ourselves while loving another. This revealing memoir from the author of The Worthy Woman Handbook will provoke a powerful transformation as you break old painful patterns and reclaim personal responsibility for your happiness and innate worthiness of love.

If you're going to have a life worth living, you're going to have to walk through some pain... I wrote this book for YOU, the hopeless one in a hotel room who wants to end your life. I wrote this for YOU, the drug addict that wants to give up because you can't overcome the addictions. I wrote this for YOU, the one who thinks the world is out to get you because of the life you were handed. Rejection, addiction, emptiness, brokenness, and hopelessness can destroy our lives. I

know this because I was broken beyond hope, but today I am victorious! this is my journey from meth to ministry. If God can transform a life like mine, He can do it for you no matter what your story is. You just have to surrender. You have to choose to trust in the midst of the pain. I am crazy enough to believe that by you reading this book, God can grab ahold of your heart and remind you that you are loved, valued and believed in. I believe that you will start to see that God has a plan and your story isn't over. It is just about to start. If He did it for me, He can do it for you. It is my prayer that one day you too will be able to say. "It is worth the pain." And I promise, the life God has for you, it is Worth the Pain
