Getting someone to tell the truth is an essential skill that very few people possess. In the boardroom, classroom, or our own homes, every day we interact with others and try to get the truth from them. People are often untruthful out of fear of negative consequences associated with divulging information. But if a person is made to forget the long-term outcomes of lying, he or she can be influenced

to disclose sensitive information that's being withheld. The aim is to encourage the person to remain in short-term thinking mode, shifting focus away from the long-term ramifications of telling the truth. As former CIA agents and bestselling authors of *Spy the Lie*, Philip Houston, Mike Floyd, and Susan Carnicero are among the world's best at detecting deceptive behavior and eliciting the truth from even the most accomplished liars. *Get the Truth* is a step-by-step guide that empowers readers to elicit the truth from others. It also chronicles the fascinating story of how the authors used a methodology Houston developed to elicit the truth in the counterterrorism and criminal investigation realms, and how these techniques can be applied to our daily lives. Using thrilling anecdotes from their careers in counterintelligence, and with easy-to-follow instructions, the authors provide a foolproof means of getting

Today Bestselling Author Erin McCarthy The Lady of the Lake Pro baseball player Dylan Diaz is pretty sure he's going to hell. When you rescue a drowning woman from a lake your first thought should be, "Are you okay?" not, "Can I make mad, passionate love to you?" But the minute sputtering kindergarten teacher Violet Caruthers is on Dylan's boat, that's all he can think about. Maybe it's the potent combo of a nun's personality inside a stripper's body. Maybe it's the way she drives him crazy with desire and laughter. Or maybe, Dylan's finally found what's been missing in his life, and he's not about to let go. . .
