M•A•C Cosmetics, a pioneer in professional makeup, presents one hundred looks that epitomize the span of their thirty

years as the leaders in high-fashion makeup. Since its founding in 1984 by the Canadians Frank Toskan and Frank Angelo, M•A•C Cosmetics has revolutionized the role of makeup and become a leader of avant-garde and edgy looks both on and off the runway. Their motto—all ages, all races, all sexes—and unique advertising campaigns featuring RuPaul, Catherine Deneuve, Lady Gaga, and even Hello Kitty have helped to inspire experimentation and fearlessness with makeup in the modern woman (and man, too). Blending fashion, beauty, and culture with an unapologetic approach to individuality and self-expression, M•A•C has reached an unprecedented level of worldwide appeal and accessibility. As the ultimate color authority with an unrivaled spectrum of shades, M•A•C allows for full creative expression through makeup without judgement. This is the book that Bobbi Brown's fans have been waiting for: her 25-plus years of makeup styling experience distilled into one complete, gorgeous book. Bobbi looks at everything from skincare basics to every aspect of facial makeup—from how to find the right color and type of foundation for any skin tone to how to apply every detail of eye makeup (Brows, Eye Liner, Eye Shadow, and Eye Lashes) no matter your eye color and shape. Of course there are never-before-seen tips on blush, bronzer, lip liners, lipstick, etc. And Bobbi looks beyond the face with informative chapters on "Hands and Feet" and "Body Skin Care." Each chapter has thorough step-by-step basic directions for makeup application and easy-to-follow photographs and line drawings, along with Bobbi's expert, yet assuring, advice. Plus, there's a groundbreaking section of the book that will be of special interest to women who've wanted to know how makeup stylists do what they do: the top beauty secrets only these artists know, essential equipment to keep on hand, how to break into the business, and how to work with photographers and celebrities. Breathtaking photos of the finished faces—from everyday looks to exotic runway style—along with advice on putting it all together for every woman, make this a book like no other. BOBBI BROWN'S MAKEUP MANUAL will be the only book any woman will need to look absolutely fabulous.

This curriculum is designed to help you succeed in applying and promoting single strand semi-permanent eyelash extensions. This manual will give you all the information you need while you begin your lash training journey and is designed to give you the most extensive and complete curriculum on the market. This curriculum focuses on natural lash health and best practices, not on promoting a brand. The information in this manual contains up-to-date information and materials as of the time of publishing, however, we are discovering fresh techniques and training all the time in this new and exciting field and I encourage you to keep growing and discovering new information. This manual is not intended to replace a hands-on, professional certification course. For beautiful eyes, look for the good in others; for beautiful lips, speak only words of kindness; and for poise, walk with the knowledge that you are never alone. Audrey Hepburn ...If all else fails, get lashes. Christa McDearmon

Even though there were no major updates to the MacBook Air, the enhancement led to a new butterfly keyboard which utilizes the same updated materials like the 2019 MacBook Pro, some small SSD changes, an improved display with True Tone, and a lower price tag. The MacBook Air has a T2 chip as well as fingerprint sensor for the Touch ID that can be used instead of entering password. This T2 chip is built for enhanced security on the MacBook Air by ensuring a secure boot process through Secure Enclave, and fast data encryption with an SSD controller. From the perfect glossy pages of a magazine to the larger-than-life images floating on a billboard in the sky, image retouching has become a key component of today's digital photography world. So popular, in fact, that the sheer act of retouching has become its own verb as we often ask ourselves, "I wonder if this image was Photoshopped?" Sometimes

controversial but widely accepted, and even expected, excellent retouching skills are crucial to finding success in the field of digital imaging. As you work through the clear step-by-step instructions in the book using the images provided on the bonus CD, you'll learn how to do real retouching jobs from start to finish, including each and every technical step along the way. You'll also get behind the scenes advice for talking to clients and establishing a workflow to ensure that your client gets the results they are looking for. If you're a student or aspiring professional just starting out in the world of retouching, the information found in this book can help you find work in the advertising/retouching industry. If you're already a working photographer, you'll be able to add retouching to your repertoire as an additional offering to your clients. Carrie Beene is a professional retoucher and educator who has worked with some of the world's most prestigious companies, including Revlon, MAC, and L'Oreal, and has contributed imagery to such renowned publications as the New York Times, Sports Illustrated, and Vanity Fair. In this excellent new book, she'll share the techniques she has learned and developed over the years to help you navigate the often mysterious world of image retouching.
