Shabtai Shavit, director of the Mossad from 1989 to 1996, is one of the most influential leaders to shape the recent history of the State of Israel. In this exciting and engaging book, Shavit combines memoir with sober reflection to reveal what happened during the seven years he led what is widely

recognized today as one of the most powerful and proficient intelligence agencies in the world. Shavit provides an inside account of his intelligence and geostrategic philosophy, the operations he directed, and anecdotes about his family, colleagues, and time spent in, among other places, the United States as a graduate student and at the CIA. Shavit's tenure occurred during many crucial junctures in the history of the Middle East, including the collapse of the Soviet Union and the end of the Cold War era; the first Gulf War and Prime Minister Yitzhak Shamir's navigation of the state and the Israeli Defense Forces (IDF) during the conflict; the peace agreement with Jordan, in which the Mossad played a central role; and the assassination of Prime Minister Yitzhak Rabin. Shavit offers a broad sweep of the integral importance of intelligence in these historical settings and reflects on the role that intelligence can and should play in Israel's future against Islamist terrorism and Iran's eschatological vision. *Head of the Mossad* is a compelling guide to the reach of and limits facing intelligence practitioners, government officials, and activists throughout Israel and the Middle East. This is an essential book for everyone who cares for Israel's security and future, and everyone who is interested in intelligence gathering and covert action.

In 1977, Israel's Mossad spy agency was given an assignment to rescue thousands of Ethiopian Jewish refugees in Sudan and deliver them to the Jewish state. NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." **WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist** • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as "arguably [Israel's] best investigative reporter"—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism).

Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."—John le Carré

It vividly brings alive the leaders, the agents and the 'Mission Impossible' actions of the Israeli Secret Service. The book begins in 1971 with an explosive scene of Hamas terrorists being ambushed near a beach in Gaza by Israeli commandos. They are led by twenty-six year old intrepid Meir Dagan who in 2002 launches a memorable career as head of the Mossad. Called 'the ultimate James Bond', Bar-Zohar vividly describes how Dagan has stymied the Iranian atomic bomb, more than anyone for fifteen years. The Mossad also reveals in dramatic detail how Israelis purloined the text of Khrushchev's secret speech denouncing Stalin's atrocities, how Mossad agents captured Eichmann in Argentina and smuggled him out of Buenos Aires as an El Al crewman, and the story behind the Mossad learning of a Syrian nuclear facility. With up-to-date stories including the current impasse between Israel and Iran.

THE TRUE STORY THAT INSPIRED THE NETFLIX FILM THE RED SEA DIVING RESORT. 'Secret missions, brazen deceptions and thrilling, clandestine operations – *Red Sea Spies* has it all. But it has something more important, too – a genuine human mission that made a difference.' David Hoffman, author of *The Billion Dollar Spy* In the early 1980s on a remote part of the Sudanese coast, a new luxury holiday resort opened for business. Catering for divers, it attracted guests from around the world. Little did the holidaymakers know that the staff were undercover spies, working for the Mossad – the Israeli secret service. Providing a front for covert night-time activities, the holiday village allowed the agents to carry out an operation unlike any seen before. What began with one cryptic message pleading for help, turned into the secret evacuation of thousands of Ethiopian Jews who had been languishing in refugee camps, and the spirited of them to Israel. Written in collaboration with operatives involved in the mission, endorsed as the definitive account and including an afterword from the commander who went on to become the head of the Mossad, this is the complete, never-before-heard, gripping tale of a top-secret and often hazardous operation.
