This volume of original stories is all for furry feline friends. A unique collection of fantastical cat tales.

Teacher's score - Petr Eben has encouraged and approved these arrangements for two-guitars, pupil and teacher. The student always plays the original melody which is often repeated in a different register allowing for the playing of complete melodic phrases with the thumb. A feature of these arrangements is the early and frequent use of the second and third positions, and to a lesser extent, positions four to five; this is done for essentially musical reasons and teachers are advised to follow the suggested left hand fingering. Right hand fingerings are given to show whether a phrase should begin with the index or middle finger or the thumb.

This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence

itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts.
