The May 1926 coup d'état in Poland inaugurated what has become known as the period of sanacja or "cleansing." The event has been explored in terms of the impact that it had on state structures and political styles. But for both supporters and opponents of the post-May regime, the sanacja was a catalyst for debate about Polish national identity, about citizenship and responsibility to the nation, and about postwar sexual morality and modern gender identities. The Clash of Moral Nations is a study of the political culture of interwar Poland, as reflected in and by the coup. Eva Plach shifts the focus from strictly political contexts and examines instead the sanacja's open-ended and malleable language of purification, rebirth, and moral regeneration. In tracking the diverse appropriations and manipulations of the sanacja concept, Plach relies on a wide variety of texts, including the press of the period, the personal and professional papers of notable interwar women activists, and the official records of pro-sanacja organizations, such as the Women's Union for Citizenship Work. The Clash of Moral Nations introduces an important cultural and gendered dimension to understandings of national and political identity in interwar Poland.

A man of towering intellectual accomplishment and extraordinary tenacity, Emmanuel Ringelblum devoted his life to recording the fate of his people at the hands of the Germans. Convinced that he must remain in the Warsaw Ghetto to complete his work, and rejecting an invitation to flee to refuge on the Aryan side, Ringelbaum, his wife, and their son were eventually betrayed to the Germans and killed. This book represents Ringelbaum's attempt to answer the questions he knew history would ask about the Polish people: what did the Poles do while millions of Jews were being led to the stake? What did the Polish underground do? What did the Government-in-Exile do? Was it inevitable that the Jews, looking their last on this world, should have to see indifference or even gladness on the faces of their neighbors? These questions have haunted Polish-Jewish relations for the last fifty years. Behind them are forces that have haunted Polish-Jewish relations for a thousand years.

After the fall of the state socialist regime and the end of martial law in 1989, Polish society experienced both a sense of relief from the tyranny of Soviet control and an expectation that democracy would bring freedom. After this initial wave of enthusiasm, however, political forces that had lain concealed during the state socialist era began to emerge and establish a new religious-nationalist orthodoxy. While Solidarity garnered most of the credit for democratization in Poland, it had worked quietly with the Catholic Church, to which a large majority of Poles at least nominally adhered. As the church emerged as a political force in the Polish Sejm and Senate, it precipitated a rapid erosion of women's reproductive rights, especially the right to abortion, which had been relatively well established under the former regime. The Politics of Morality is an anthropological study of this expansion of power by the religious right and its effects on individual rights and social mores. It explores the contradictions of postsocialist democratization in Poland: an emerging democracy on one hand, and a declining tolerance for reproductive rights, women's rights, and political and religious pluralism on the other. Yet, as this thoroughly researched study shows, women resist these structures by pursuing abortion illegally, defying religious prohibitions on contraception, and organizing into advocacy groups. As struggles around reproductive rights continue in Poland, these resistances and unofficial practices reveal the sharp limits of religious form of governance.

Except: It is a fine summer afternoon, and sultry. In the pins overhead there is a faint mur mur, continuous, a little sad; the birches, with their slender waving boughs, utter a quiet whisper, but no breeze is to be felt. As I lie here, I presently fall to crooning a sing-song chant - not any known air, but one made up of many tunes, heard long ago, or never heard at all. The words, too, are either remembered, or they spring up as I sing. If the rhyme fails me, I do not break off the tune to find one, but make an assonance do just as well. So I sing of a dream I have dreamt.
