The Globe & Mail's #1 Business Book of the Year! "ALL IN, ALL THE TIME" Low performance and high turnover is not the result of lazy, apathetic workers. It's not about decreasing budgets. And it's not about a terrible economy. It's about leadership that doesn't engage employees. In *Nine Minutes on Monday*, leadership guru James Robbins argues that employee engagement comes down to one thing: a constant dedication to meeting the universal needs that drive performance excellence. In today's chaotic, high-stakes business environment, it is easy to get distracted from leadership responsibilities by focusing on tasks at hand instead of on strategy. But when you neglect to keep your leadership priorities in front of you, everyone suffers--your staff, your organization and, in the end, you. Whether you lead a small team or an entire organization, you'll discover the nine keys to raising productivity, boosting morale, and increasing employee engagement. *Nine Minutes on Monday* combines proven engagement drivers and principles of human motivation into a simple system of execution that will show immediate results. Inside you'll find: The "9 Minute" template for maintaining focus on your leadership priorities--no matter how busy you are Three key questions that will help you connect purpose to paycheck for your staff A four-step formula for addressing subpar performance and driving compliance from the workplace A simple coaching model for fast-track staff development Four reward/recognition tools that will leave your employees feeling valued and motivated The one simple activity that will forge deep bonds of trust between you and your employees Three key ingredients that will immediately increase the motivation level of any employee Being a great leader is never easy, but Robbins breaks it all down into essential components to reveal its fundamental simplicity. *Nine Minutes on Monday* is your road map to igniting purpose, passion, and engagement among your team members. Master and apply the tools and techniques inside, and your employees will be motivated, inspired, and equipped to bring their best to work each and every day. Quick and simple leadership lessons for boosting performance, morale, and engagement "James Robbins is a terrific observer, thinker, and storyteller. He also has marvelous insights about how leaders can help employees become more connected to their work setting. He weaves together personal stories with thoughtful leadership insights into a compelling book. If leaders will do the nine minutes he suggests each Monday morning, they will become what we have called "meaning makers" who deliver enormous value to their employees, customers, investors, and communities." -- Dave Ulrich, professor, Ross School of Business, University of Michigan; partner, The RBL Group; coauthor, *The Why of Work* "It really works! Robbins provides simple and practical tools to help all managers get on the road toward becoming great leaders. These nine easy-to-use principles are relevant to today's work environment and yet so often overlooked. Thank you for helping me to make a difference to my team." -- Sue Travis, HR Manager, Lowe's "Every manager in your workplace needs this book. Practical and easily doable ideas that will help turn your managers into truly inspiring leaders." -- Michael Kerr, "The Workplace Energizer" and author of *Putting Humor to Work* "Great easy read with lots of practical applications for leaders looking to improve their game and really make a difference in the lives of those they lead." -- Debbie Stein, CFO AltaGas

Proposes that leaders often get distracted by focusing on tasks and neglect their responsibilities of keeping their staff engaged and motivated.

Winner of the Alex Award "Mike Muñoz is a Holden Caulfield for a New Millennium--a '10th-generation peasant with a Mexican last name, raised by a single mom on an Indian reservation' . . . Evison, as in his previous four novels, has a light touch and humorously guides the reader, this time through the minefield that is working-class America." --The New York Times Book Review For Mike Muñoz, life has been a whole lot of waiting for something to happen. Not too many years out of high school and still doing menial work--and just fired from his latest gig as a lawn boy on a landscaping crew--he's smart enough to know that he's got to be the one to shake things up if he's ever going to change his life. But how? He's not qualified for much of anything. He has no particular talents, although he is stellar at handling a lawn mower and wielding clipping shears. But now that career seems to be behind him. So what's next for Mike Muñoz? In this funny, biting, touching, and ultimately inspiring novel, bestselling author Jonathan Evison takes the reader into the heart and mind of a young man determined to achieve the American dream of happiness and prosperity--who just so happens to find himself along the way.

Flight attendant Robin Fech told passengers to remove pens and other sharp objects from their pockets. Take off your eyeglasses, she instructed, and pour your drinks into the seat-back pockets. Two rows forward, a Diet Coke in hand, Jennifer Grunbeck reached for the seat-back pocket. Don't you think this will make a mess?, Jean Brucato asked her. I think, Grunbeck said, that they are more concerned with what's going on outside the plane.

#1 NEW YORK TIMES BESTSELLER - A special 20th anniversary edition of the beloved book that changed millions of lives--with a new afterword by the author Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the elder man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

On September 11, 2001, the North American Aerospace Defense Command, based at Peterson Air Force Base, Colorado, under the command of Gen. Ralph E. Eberhart, oversaw three air defense regions, which were responsible for protecting the airspace over Alaska, Canada, and the continental United States. The last of these, the Continental United States NORAD Region (CONR), under the command of the dual-hatted commander of First Air Force, Maj. Gen. Larry K. Arnold, oversaw the Northeast, the Western, and the Southeast Air Defense Sectors. The locations of the departures, flight paths, and crash sites of the four aircraft hijacked on September 11, 2001, were all in the Northeast Air Defense Sector, commanded by Col. Robert K. Marr (see Diagram, NORAD Air Defense Structure on 9/11, p 53). On September 11, 2001, the responsibility for defending continental U.S. airspace rested with only fourteen fighter aircraft at seven air defense alert sites across the country. Based in Rome, New York, the Northeast Air Defense Sector had only two alert sites on which to call--Otis Air National Guard Base in Cape Cod, Massachusetts, and Langley Air Force Base in Hampton, Virginia. Each site had two designated alert fighters on duty twenty-four hours a day, seven days a week. Many other fighter aircraft were based across the country, but they were not NORAD assets, and it would take time to arm them and organize their crews.

Uncommon valor in the line of duty and unconditional devotion in the name of love are the salient qualities of the daring men and women who risk it all in the heart-pounding thrillers of New York Times bestselling author Suzanne Brockmann. Crafted with precision and power, her characters come alive with a depth of emotion few writers have achieved. Now, with *Breaking Point*, Brockmann breaks even further through the pack and delivers a stunning payload. As commander of the nation's most elite FBI counterterrorism unit, agent Max Bhagat leads by hard-driving example: pushing himself to the limit and beyond, taking no excuses, and putting absolutely nothing ahead of his work. That includes his deep feelings for Gina Vitagliano, the woman who won his admiration and his heart with her courage under fire. But when the shocking news reaches him that Gina has been killed in a terrorist bombing, nothing can keep Max from making a full investigation--and retribution--his top priority. At the scene of the attack, however, Max gets an even bigger shock. Gina is still very much alive--but facing a fate even worse than death. Along with Molly Anderson, a fellow overseas relief worker, Gina has fallen into the hands of a killer who is bent on using both women to bait a deadly trap. His quarry? Grady Morant, a.k.a "Jones," a notorious ex-Special Forces operative turned smuggler who made some very deadly enemies in the jungles of Southeast Asia . . . and has been running ever since. But with Molly's life on the line, Jones is willing to forfeit his own to save the woman he loves. Together with Max's top agent Jules Cassidy as their only backup, the unlikely allies plunge into a global hot zone of violence and corruption to make a deal with the devil. Not even Jones knows which ghosts from his past want him dead. But there's one thing he's sure of--there's very little his bloodthirsty enemies aren't willing to do. Count on the intense action and raw honesty that Suzanne Brockmann consistently delivers, as she goes for broke in *Breaking Point*--and never looks back.
