For the core course in Operations Management. Principles of Operations Management offers students and professors the largest and most diverse problems sets in the industry, as well as providing solved problems and step-by-step worked examples to help students learn outside of the classroom. A more comprehensive version is also available called Operations Management, 10e.

Russell and Taylor's Operations and Supply Chain Management, 9th Edition is designed to teach students how to analyze processes, ensure quality, create value, and manage the flow of information and products, while creating value along the supply chain in a global environment. Russell and Taylor explain and clearly demonstrate the skills needed to be a successful operations manager. Most importantly, Operations Management, 9th Edition makes the quantitative topics easy for students to understand and the mathematical applications less intimidating. Appropriate for students preparing for careers across functional areas of the business environment, this text provides foundational understanding of both qualitative and quantitative operations management processes.

Directed primarily toward undergraduate business college/university majors, this text also provides practical content to current and aspiring industry professionals. Principles of Operations Management, 9e presents a broad introduction to the field of operations in a realistic and practical manner, while offering the largest and most diverse collection of problems on the market. The problems found in this text also contain ample support--found in the book's solved-problems and worked examples. Note: this is the standalone book, if you want the book/access card order the ISBN below: 0133130754 / 9780133130751 Principles of Operations Management Plus NEW MyOMLab with Pearson eText -- Access Card Package Package consists of: 0132968363 / 9780132968362 Principles of Operations Management 0132972549 / 9780132972543 NEW MyOMLab with Pearson eText -- Access Card -- for Principles of Operations Management

For courses in Operations Management.
