In this second edition of *Orchestral "Pops" Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful "pops" concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral "pops" concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral "Pops" Music* includes at least 1,000 new title listings. *Orchestral "Pops" Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.

Phillip Rehfeldt has assembled here techniques of dealing with clarinet performances as they have evolved since 1950. He catalogs contemporary practices that differ from those formerly standardized, provides perspective on performance capabilities and limitations, and includes suggestions for performance based on his own experience. The new edition has been completely rewritten, corrected where necessary, and updated. Rehfeldt has added the complete list of William O. Smith's clarinet compositions and recordings to the previous listing of his early multiphonic fingerings. The new edition also includes an appendix containing Eric Mandat's quarter-tone fingerings; a second, extensive music bibliography, the "International Update"; and an updated and annotated bibliography of music literature.

Dieses Therapiemanual bietet 14 Einheiten, die sich am stadienspezifischen Funktionsniveau der Teilnehmer mit leichtgradiger AD orientieren. Kognitive Stimulierung stellt einen wissenschaftlich belegten, nicht-medikamentösen Baustein in der Behandlung kognitiver Störungen bei leicht- bis mittelgradiger Alzheimer-Demenz (AD) dar. Experten fordern, diese Therapieoption stärker zu nutzen und in den Gesamtbehandlungsplan von Demenzkranken zu implementieren. Das Programm, das sich an Psychologen, Ergotherapeuten und zertifizierte Gedächtnistrainer richtet, kann als Gruppen- / Einzelangebot sowohl in spezialisierten Gedächtnissprechstunden/Memory-Kliniken als auch in Einrichtungen, die ambulante und stationäre Unterstützungsangebote für Betroffene anbieten, eingesetzt werden.
