Engaging and accessible, The Lion and the Lamb is an ideal resource for college students and others interested in knowing the essentials of each New Testament book. A concise summary of The Cradle, the Cross, and the Crown -- the acclaimed New Testament introduction by the same authors -- this volume sets a new standard for high-level, up-to-date research presented in a core knowledge format that is practical, relevant, and easy to follow. Part One features chapters on the nature of Scripture and the religious and political background of the New Testament. Part Two covers the Gospels in the canonical order, Matthew, Mark, Luke, and John. Part Three uses Acts as the framework for treating Paul's letters in chronological written order: Galatians, 1-2 Thessalonians, 1-2 Corinthians, Romans, and the Prison and Pastoral Epistles (Philippians, Ephesians, Colossians, Philemon, and 1-2 Timothy and Titus, respectively). Part Four includes discussions of the General Epistles (Hebrews, James, 1-2 Peter, 1-3 John, Jude) and Revelation. Each chapter clearly discusses the book's key facts, contribution to the canon, historical setting, literary features, and theological message. In all, The Lion and the Lamb makes this learning exciting and rewarding.

Winner of the Saltire Society Scottish History Book of the Year 2009. Shortlisted for the Saltire Society Scottish Research Book of the Year 2009 This is the first-ever account of the full 700-year-old Scottish philosophical tradition. The book focuses on a number of philosophers in the period from the later-13th century until the mid-20th and attends especially to some brilliantly original texts. The book also indicates ways in which philosophy has been intimately related to other aspects of Scotland's culture. Among the greatest philosophers that Scotland has produced are John Duns Scotus, Francis Hutcheson, David Hume, Adam Smith and Thomas Reid. But there were many other fine, even brilliant philosophers who are less highly regarded, if they are noticed at all, such as John Mair, George Lokert, Frederick Ferrier, Andrew Seth, Norman Kemp Smith and John Macmurray. All these thinkers and many others are discussed in these pages. This clearly written and approachable book gives us a strong sense of the Scottish philosophical tradition.
