The Forgotten Soldier (Part 1 of 3): He wasn't a soldier ...

The Forgotten Soldier, originally published in French as *Le soldat oublié*, is an account by Guy Sajer of his experiences as a German soldier on the Eastern Front during World War II. With reference to the author's ambiguous relationship to war, the book has been called "the account of a disastrous love affair with war and with the army that, of all modern armies, most loved war", being written with the "admiration of a semi-outsider". The English edition was translated by Lily Emmet.

The Forgotten Soldier was first published in 1965, and concerns events that happened over 20 years previously, when the author was a teenager living in France who was drafted into the German army. The memoir has since become the subject of much criticism by historians who question much of the historical detail, especially with regards to troop movements and dates.

The illustrated edition of the classic German WWII autobiography

Bestselling author Charlie Connelly returns with a First World War memoir of his great uncle, Edward Connelly, who was an ordinary boy sent to fight in a war the likes of which the world had never seen. But this is not just his story; it is the story of all the young forgotten soldiers who fought and bravely died for their country

In this heart-stopping thriller from New York Times bestselling author Brad Taylor, Pike Logan returns with his most dangerous and personal threat yet: a Taskforce Operator gone rogue. For years, the extralegal counterterrorist unit known as the Taskforce has worked in the shadows, anticipating and preventing attacks around the globe. Created to deal with a terrorist threat that shuns the civilized rule of law, it abandoned the same, operating outside of the US Constitution. Though wildly successful, it was rooted in a fear that the cure could be worse than the disease. And now that fear has come home. A Special Forces soldier is killed on an operation in Afghanistan, and complicit in the attack is a government official of an allied nation. While the US administration wants to forget the casualty, one Taskforce member will not. When he sets out to avenge his brother's death, his actions threaten to not

Read Book The Forgotten Soldier He Wasn T A Soldier He Was Just A Boy

only expose the Taskforce's activities, but also destroy a web of alliances against a greater evil. Pike Logan understands the desire, but also the danger. Brought in to eliminate the risk, he's now forced to choose between his friend and the administration he's sworn to protect, while unbeknownst to either of them, the soldier's death is only the beginning...

With every step, the Tomb Guards pay homage to America's fallen. Discover their story, and that of the unknown soldiers they honor, through resonant words and illustrations. Keeping vigil at the Tomb of the Unknown Soldier, in Arlington National Cemetery, are the sentinel guards, whose every step, every turn, honors and remembers America's fallen. They protect fellow soldiers who have paid the ultimate sacrifice, making sure they are never alone. To stand there—with absolute precision, in every type of weather, at every moment of the day, one in a line uninterrupted since midnight July 2, 1937—is the ultimate privilege and the most difficult post to earn in the army. Everything these men and women do is in service to the Unknowns. Their standard is perfection. Exactly how the unnamed men came to be entombed at Arlington, and exactly how their fellow soldiers have come to keep vigil over them, is a sobering and powerful tale, told by Jeff Gottesfeld and luminously illustrated by Matt Tavares—a tale that honors the soldiers who honor the fallen.

Pike Logan returns with his most dangerous and personal threat yet: a Taskforce operator gone rogue.

A great war. A changed world. A soldier through it all. The Turine army is on the brink of victory against the Geneshans. Sergeant Tyrus and his unit are tasked to steal an artifact from the enemy that some believe has the power to destroy the world. Taking such power from the Geneshans would end the decade long war. Upon their success, Tyrus's unit is among the first wave of soldiers discharged from the army. War has robbed him of time with his wife and children, but now the life he has dreamed of every day for the last ten years is just a long journey away. Traveling home, Tyrus finds the world he left behind changed in ways he never expected. His own countrymen view returning soldiers as a threat. His own townsmen want to forget he even existed. Danger is everywhere. His dream is in jeopardy. Forgotten Soldiers is the first book in The Tyrus Chronicle.

This is a story of Carroll A. Durham becoming a soldier as an African American during the Vietnam War. It is a story that has never been told. Carroll was diagnosed with post-traumatic stress disorder in 1993. He is a poster child for getting the word out about what it was like for 300,000 veteran casualties who served out of 2, 500,000 troops that served in Vietnam. There are very few books in the market about the African American soldier. This story tells of the trials and tribulations of black male youth growing up during the Civil Rights Movement in the new integrated army. The story is also similar to the 30,000 casualties of the Iraq war who suffer just like the Vietnam veteran along with their families. Carroll dreamed of being a soldier growing up in his father's footsteps by him being a person in uniform during World War II. Carroll wanted to know what it was like being a soldier in the Vietnam War. He wants this story to get out to the families of the Vietnam Era so they can see what their patriots went through during this period in our American history.
