Instead, set in late Victorian era London "The Map of Time" gives readers a bit of a love story, a bit of mystery, a bit of science fiction, even a bit of biography, but it fails to fully develop any of these aspects and left me feeling cheated on all fronts. Palma does a fine job of setting the Victorian stage.

The New York Times bestselling author of The Map of Time returns with a mesmerizing novel casting H.G. Wells in a leading role, as the extraterrestrial invasion featured in The War of the Worlds is turned into a bizarre reality. A love story serves as backdrop for The Map of the Sky when New York socialite Emma Harlow agrees to marry millionaire Montgomery Gilmore, but only

A skeptical H. G. Wells investigates time-travel mysteries including an aristocrat's love affair with a murdered prostitute from the past, a Victorian woman's escape to the future, and a plot to murder celebrated authors to steal their written works.

The fate of the earth hangs in the balance as H.G. Wells' The War of the Worlds is transformed from the work of one writer's imagination into a terrifying reality for all mankind. 1898. New York socialite Emma Harlow agrees to marry well-to-do Montgomery Gilmore, but only if he first accepts her audacious challenge: to reproduce the Martian invasion featured in H. G. Wells's popular novel The War of the Worlds. Meanwhile in London, Wells himself is unexpectedly made privy to certain objects, apparently of extraterrestrial origin, that were discovered decades earlier on an ill-fated expedition to the Antarctic. On that same expedition was an American crew member named Edgar Allan Poe, whose inexplicable experiences in the frozen wasteland would ultimately inspire him to create one of his most enduring works of literature. When eerie, alien-looking cylinders begin appearing in London, Wells is certain it is all part of some elaborate hoax. But soon, to his great horror, he realizes that a true invasion of Earth has indeed begun. As brave bands of citizens converge on a crumbling London to defend it against utter ruin, Emma and her suitor must confront the enigma that is their love, a bright spark of hope even against the darkening light of apocalypse. Palma dazzled readers with his instant New York Times bestseller The Map of Time. In The Map of the Sky, he embarks on an even more thrilling speculative journey, one that links the earth and the heavens, the familiar and the bizarre, the impossible and the inevitable.

From the New York Times bestselling author of The Map of Time and The Map of the Sky, the final installment in the award-winning trilogy that The Washington Post called “a big, genre-bending delight.” When the person he loves most dies in tragic circumstances, the mysterious protagonist of The Map of Chaos does all he can to speak to her one last time. A session with a renowned medium seems to offer the only solution, but the experience unleashes terrible forces that bring the world to the brink of disaster. Salvation can only be found in The Map of Chaos, an obscure, hand-written mathematical treatise that he is desperate to uncover. In his search, he is given invaluable help by Sir Arthur Conan Doyle, Lewis Carroll, and of course by H.G. Wells, whose Invisible Man seems to have escaped from the pages of his famous novel to sow terror among mankind. They alone can discover the means to save the world and to find the path that will reunite the lovers separated by death. Proving once again that he is “a master of ingenious plotting” (Kirkus Reviews), Félix J. Palma brings together a cast of real and imagined literary characters in Victorian London, when spiritualism is at its height. The Map of Chaos is a spellbinding adventure that mixes impossible loves, nonstop action, real ghosts, and fake mediums, all while paying homage to the giants of science fiction.

Orphaned by the Border Wars, Alina Starkov is taken to become the protegée of the mysterious Darkling, who trains her to join the magical elite in the belief that she is the Sun Summoner, who can destroy the monsters of the Fold.

Alma Kats's acclaimed trilogy—a supernatural epic that began with The Taker and sparked a chase around the world in The Reckoning—comes to a stunning conclusion, and brings Lanore McIlvrae to a final encounter with Adair, her powerful nemesis. Dismayed by Adair's otherworldly powers and afraid of his passionate temper, Lanore has run from him across time, even imprisoning him behind a wall for two centuries to save Jonathan, her eternal love. But instead of punishing her for her betrayal, Adair declared his love for Lanore once more and set her free. Now, Lanore has tracked Adair to his mystical island home to ask for one last favor. The Queen of the Underworld is keeping Jonathan as her consort, and Lanore wants Adair to send her to the hereafter so that she may beg for his release. Will she honor her promise to return to Adair? Or is her true intention to be reunited with Jonathan at any cost?

"This book is truly epic. . . . The reader will probably wish there was a thousand more pages." —The Huffington Post Picking up where Fall of Giants, the first novel in the extraordinary Century Trilogy, left off, Winter of the World follows its five interrelated families—American, German, Russian, English, and Welsh—through a time of enormous social, political, and economic turmoil, beginning with the rise of the Third Reich, through the great dramas of World War II, and into the beginning of the long Cold War. Carla von Ulrich, born of German and English parents, finds her life engulfed by the Nazi tide until daring to commit a deed of great courage and heartbreak. . . . American brothers Woody and Chuck Dewar, each with a secret, take separate paths to momentous events, one in Washington, the other in the bloody jungles of the Pacific. . . . English student Lloyd Williams discovers in the crucible of the Spanish Civil War that he must fight Communism just as hard as Fascism. . . . Daisy Peshkov, a driven social climber, cares only for popularity and the fast set until war transforms her life, while her cousin Volodya carves out a position in Soviet intelligence that will affect not only this war but also the war to come. Look out for Ken's newest book, A Column of Fire, available now.

Called “a masterpiece” by The New York Times, the acclaimed trilogy from Tove Ditlevsen, a pioneer in the field of genre-bending confessional writing. Tove Ditlevsen is today celebrated as one of the most important and unique voices in twentieth-century Danish literature, and The Copenhagen Trilogy (1969–71) is her acknowledged masterpiece. Childhood tells the story of a misfit child's single-minded determination to become a poet; Youth describes her early experiences of sex, work, and independence. Dependency picks up the story as the narrator embarks on the first of her four marriages and goes on to describe her horrible descent into drug addiction, enabled by her sinister, gaslighting doctor-husband. Throughout, the narrator grapples with the tension between her vocation as a writer and her competing roles as daughter, wife, mother, and drug addict, and she writes about female experience and identity in a way that feels very fresh and pertinent to today's discussions around feminism. Ditlevsen's trilogy is remarkable for its intensity and its immersive depiction of a world of complex female friendships, family, and growing up—in this sense, it's Copenhagen's answer to Elena Ferrante's Neapolitan novels. She can also be seen as a spiritual forerunner of confessional writers like Karl Ove Knausgaard, Annie Ernaux, Rachel Cusk, and Deborah Levy. Her trilogy is drawn from her own experiences, but reads like the most compelling kind of fiction. Born in a working-class neighborhood in Copenhagen in 1917, Ditlevsen became famous for her poetry while still a teenager, and went on to write novels, stories, and memoirs before committing suicide in 1976. Having been dismissed by the critical establishment in her lifetime as a working-class female writer, she is now being rediscovered and championed as one of Denmark's most important modern authors, with “Tove fever” gripping readers.

A nation born of angels, vast and intricate and surrounded by danger... a woman born to servitude, unknowingly given access to the secrets of the realm... Born with a scarlet mote in her left eye, Phédre nó Delaunay is sold into indentured servitude as a child. When her bond is purchased by an enigmatic nobleman, she is trained in history, theology, politics, foreign languages, the arts of pleasure. And above all, the ability to observe, remember, and analyze. Exquisite courtesan, talented spy... and unlikely heroine. But when Phédre stumbles upon a plot that threatens her homeland, Terre d'Ange, she has no choice. Betrayed into captivity in the barbarous northland of Skaldia and accompanied only by a disdainful young warrior-priest, Phédre makes a harrowing escape and an even more harrowing journey to return to her people and deliver a warning of the impending invasion. And that proves only the first step in a quest that will take her to the edge of despair and beyond. Phédre nó Delaunay is the woman who holds the keys to her realm's deadly secrets, and whose courage will decide the very future of her world. Not since Dune has there been an epic on the scale of Kushiel's Dart—a massive tale about the violent death of an old age and the birth of a new. It is a novel of grandeur, luxuriance, sacrifice, betrayal, and deeply laid conspiracies. A world of cunning poets, deadly courtiers, deposed rulers and a besieged Queen, a warrior-priest, the Prince of Travelers, barbarian warlords, heroic traitors, and a truly Machiavellian villainess... all seen through the unflinching eyes of an unforgettable heroine. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

After discovering the true nature of the One Ring, Bilbo Baggins entrusts it to the care of his young cousin, Frodo, who is charged with bringing about its destruction and thus foiling the plans of the Dark Lord.

“No series since George R.R. Martin’s A Song of Ice and Fire has quite captured both palace intrigue and the way that tribal infighting and war hurt the vulnerable the most.” –Paste Magazine The final chapter in the bestselling, critically acclaimed Daevabad Trilogy, in which a con-woman and an idealistic djinn prince join forces to save a magical kingdom from a devastating civil war. Daevabad has fallen. After a brutal conquest stripped the city of its magic, Nahid leader Banu Manizheh and her resurrected commander, Dara, must try to repair their fraying alliance and stabilize a fractious, warring people. But the bloodletting and loss of his beloved Nahri have unleashed the worst demons of Dara’s dark past. To vanquish them, he must face some ugly truths about his history and put himself at the mercy of those he once considered enemies. Having narrowly escaped their murderous families and Daevabad’s deadly politics, Nahri and Ali, now safe in Cairo, face difficult choices of their own. While Nahri finds peace in the old rhythms and familiar comforts of her human home, she is haunted by the knowledge that the loved ones she left behind and the people who considered her a savior are at the mercy of a new tyrant. Ali, too, cannot help but look back, and is determined to return to rescue his city and the family that remains. Seeking support in his mother’s homeland, he discovers that his connection to the marid goes far deeper than expected and threatens not only his relationship with Nahri, but his very faith. As peace grows more elusive and old players return, Nahri, Ali, and Dara come to understand that in order to remake the world, they may need to fight those they once loved . . . and take a stand for those they once hurt.
