This interdisciplinary book investigates spaces for music-making in Early Modern France and Italy. Spaces specifically designed for music began to appear in private dwellings. While elite music-making became more specialised through the employment of paid musicians, music printing allowed new compositions to be diffused down the social scale.

Dennis McFarland ' s acclaimed debut novel, hailed by the New York Times Book Review as " a rare pleasure . . . Remarkable from its beginning to its surprising, satisfying end " Musician Marty Lambert ' s life is already falling apart when he receives the phone call that changes everything. His brother, Perry, has killed himself in New York, and Marty—with his marriage on the rocks and his record company sliding into insolvency—decides to leave San Francisco to investigate exactly what went wrong. His trip sends him headlong into the life his only brother left behind—his pleasures and disappointments, his friends, his lovely girlfriend, Jane—and finally, to the home they shared growing up in Virginia. Along the way, through memories and dreams, Marty relives their complicated upbringing as the children of talented, volatile musicians and alcoholics. Through the tragedy, Marty finally faces the demons of his past, ones he pretended he had buried long ago, to emerge on the other side of grief, toward solace and a more hopeful future.

When Namita is ten, her mother takes her to Dhondutai, a respected Mumbai music teacher from the great Jaipur Gharana. Dhondutai has dedicated herself to music and her antecedents are rich. She is the only remaining student of the legendary Alladiya Khan, the founder of the gharana and of its most famous singer, the tempestuous songbird, Kesarbai Kerkar. Namita begins to learn singing from Dhondutai, at first reluctantly and then, as the years pass, with growing passion. Dhondutai sees in her a second Kesar, but does Namita have the dedication to give herself up completely to music—or will there always be too many late nights and cigarettes? Beautifully written, full of anecdotes, gossip and legend, The Music Room is perhaps the most intimate book to be written about Indian classical music yet.

As a coherent field of research, the field of music and visual culture has seen rapid growth in recent years. The Routledge Companion to Music and Visual Culture serves as the first comprehensive reference on the intersection between these two areas of study, an ideal introduction for those coming to the field for the first time as well as a useful source of information for seasoned researchers. This collection of over forty entries, from musicologists and art historians from the US and UK, delineate the key concepts in the field in five parts: Starting Points Methodologies Reciproaction – the musical in visual culture and the visual in musical culture Convergence – in metaphor, in conception, and in practice Hybrid Arts This reference work speaks to the important questions concerning this burgeoning field of research – what are the established approaches to studying musical and visual cultures side by side? What have been the major points of contact between these two areas and what kind of questions can this interdisciplinary research address moving forward? The Routledge Companion to Music and Visual Culture is an indispensable guide for anyone interested in the field of music and visual culture.

Facing the Music explores the dark side of ambition and the ambiguous passions which surround creativity. Duncan Bayle is a successful composer whose genius has faltered. He blames his problems on the sudden and inexplicable disappearance of his daughter, Anna, whom he has long regarded as his muse. Duncan believes that if he is to work again, Anna must return. But she had good cause to leave and even better reason to stay away.
