**The Way of the Fight by Georges St-Pierre**

The Way of the Fight is an inspirational look into the mindset of a master. To Georges, all life is competition, and there's no more perfect metaphor for competition than the life of a fighter. He explains the value of discipline, risk and even fear, with the wisdom of one who knows that nothing is assured—his next fight could always be his last.

There's more to winning battles than fists and feet For world-renowned professional fighter Georges St-Pierre, the greatest asset is not physical strength or athleticism—it's a sense of purpose. From his beginnings as a small, mercilessly bullied child first discovering karate to his years as a struggling garbage collector who spent all his free time in the gym, his hard-fought rise in the sport of mixed martial arts, and his long, painful recovery from a career-threatening injury, Georges never lost sight of his ambition to become the greatest martial artist of all time. In *The Way of the Fight*, Georges for the first time reveals what propelled him not only to become a champion but to embrace obstacles as opportunities to build character. Georges's story is interwoven with fascinating insights from those who know him best: his mother, who tells of his drive to master new skills, even as a child. His mentor Kristof Midoux, who describes a young fighter with an extraordinary sense of discipline. His Brazilian Jiu-Jitsu teacher John Danaher, who witnessed the development of an indomitable work ethic. His coach Fris Zahabi, who worked alongside the champion through a potentially career-ending injury. And his longtime friend, training partner and manager, Rodolphe Beaulieu, who may understand this intensely focused athlete more than anyone. *The Way of the Fight* is an inspirational look into the mindset of a master. To Georges, all life is competition, and there's no more perfect metaphor for competition than the life of a fighter. He explains the value of discipline, risk and even fear, with the wisdom of one who knows that nothing is assured—his next fight could always be his last. Drawing inspiration from fighting legends, Eastern philosophy and a trusted inner circle, *The Way of the Fight* is a powerful, life-changing guide to living with purpose and finding the way to accomplish your loftiest goals.

An intimate, human and philosophical look at the life of the UFC world champion—his journey from years of bullying to the very top of the world of mixed martial arts. As the world's most popular UFC fighter, Georges "Rush" St-Pierre seems almost impossibly tough and dominant. But long before he was "GSP," as his millions of fans know him, he was just a kid harassed by bullies. But he was also a kid who, thanks to years of practicing martial arts, invented his own way of life. He became a black belt in karate at the age of 12. In his later teens, working as a garbage collector to finance his unique and innovative training methods, GSP learned from repeated losses and ultimately found a way to triumph in a highly competitive field. Along the way, he discovered a simple truth: never stop reaching for your goal. With startling honesty, GSP relates the true story of growing up in the martial arts and discovering that his passion for learning and constant improvement makes him happy. By way of fighting, he's discovered how to succeed: by way of injury, how to maintain perspective on that success. This book highlights the lessons that brought him there, the unique system he invented to combine various forms of fighting arts, and the key people who helped make him world champion.

The author tells the tale of a fight between Muhammad Ali and George Foreman in Kinshasa, Zaire, in 1975, for which each fighter was paid five millions dollars.

In this counter intuitive book, author Dr. Greg Smalley maintains that fighting is actually good for a marriage. Couples will learn how to fight their way to a better marriage, using the skills, concepts, and exercises shared in this remarkable book.

Two veteran martial arts instructors and a renowned comic book illustrator deliver the ultimate course in self-defense More than three million Americans are involved in a violent physical encounter every year. In these situations, knowledge is power, and few teachers are better equipped to deliver that knowledge than Lawrence Kane and Kris Wilder. Veteran martial arts instructors and masters in their field, Kane and Wilder have teamed up with DC Comics artist Matt Haley to produce a step-by-step guide revealing the secrets of surviving-and preventing-violent encounters. The defense begins by scanning the environment for dangerous situations and using verbal de-escalation to defuse tense situations. If a fight is unavoidable, the authors offer clear guidance for being the victor, along with advice on legal implications, including how to handle a police interview after the attack.

A New York Times Bestseller. Got Fight? is an hysterical, entertaining, and in-your-face guide to fighting from the most enigmatic and unpredictable fighter in Mixed Martial Arts (MMA). Forrest Griffin is the light-heavyweight champion of the Ultimate Fighting Championship (UFC) and was the winner of the first season of Spike TV's The Ultimate Fighter; in Got Fight?, he shows you how he did it. With Erich Krauss, Muay Thai fighter and co-author of "The Prodigy" B.J. Penn's Mixed Martial Arts: The Book of Knowledge.

"From notable mixed martial artist and UFC fighter, Justin Wren, comes a personal account of faith, redemption, empowerment, and overwhelming love as one man sets out on an international mission to fight for those who can't fight for themselves. Justin Wren knows what it's like to feel like the world is against you. Like many kids, Justin was bullied as a child, but had a dream that kept him going. Fueled by the anger he felt toward his tormenters, Justin trained hard and propelled his dream of becoming a UFC fighter into reality. But the pain from his childhood didn't dissipate and Justin fell into a spiral of depression and addiction, leading him on a path toward destruction. After getting kicked out of his training community, his career was in shambles and he had nowhere else to go, so Justin attended a men's retreat, and it was there he found God. As Justin began piecing his life back together, he joined several international mission trips that opened his eyes and his heart to a world filled with suffering deep in the jungle of the Democratic Republic of Congo. There he came across the Mbuti Pygmy tribe, a group of people persecuted by neighboring tribes and forced into slavery. His encounter with the Pygmy tribe left him wondering who was there to help them and in that moment Justin stepped out of the ring and into a fight for the forgotten. From cage fighter to freedom fighter, Justin's story is a deeply personal memoir with a bigger message about a quest, justice, and the amazing things that can happen when we relinquish our lives to God"--

Finally, we can talk about Fight Club! or, A physical and philosophical meditation on why we are drawn to fight each other for sport, what happens to our bodies and brains when we do, and what it all means Anyone with guts or madness in him can get hit by someone who knows how; it takes a different kind of madness, a more persistent kind, to stick around long enough to be one of the people who does the knowing. Josh Rosenblatt was thirty-three years old when he first realized he wanted to fight. A lifelong pacifist with a philosopher's hatred of violence and a dandy's aversion to exercise, he drank to excess, smoked passionately, ate indifferently, and mocked physical activity that didn't involve nudity. But deep down inside there was always some part of him that was attracted to the idea of fighting. So, after studying Muay Thai, Krav Maga, Brazilian jiu-jitsu, and boxing, he decided, at age forty, that it was finally time to fight his first—and only—mixed martial arts match: all in the name of experience and transcending ancient fears. An insightful and moving rumination on the nature of fighting, *Why We Fight* takes us on his journey from the bleachers to the ring. Using his own training as an opportunity to understand how the sport illuminates basic human impulses, Rosenblatt weaves together cultural history, criticism, biology, and anthropology to understand what happens to the human body and mind when under attack, and to explore why he, a self-described "cowardly boy from the suburbs," discovered so much meaning in putting his body, and others', at risk. From the psychology of fear to the physiology of pain, from Ukrainian shtetls to Brooklyn boxing gyms, from Lord Byron to George Plimpton, *Why We Fight* is a fierce inquiry into the abiding appeal of our most conflicted and controversial fixation, interwoven with a firsthand account of what happens when a mild-mannered intellectual decides to step into the ring for his first real showdown.

The Right Fight, the new management guide from noted business strategists Saj-nicole Joni and Damon Beyer, turns management thinking on its head and shows why, in the fast-moving, hyper-competitive marketplaces of the 21st century, leaders need to both foster alignment and orchestrate thoughtful controversy in their organizations to get the best out of them. The authors' groundbreaking research—including examples as diverse as Unilever, Microsoft, Coca-Cola, Dell, the Clinton Administration, and the Houston Independent School System—shows that happy workers can become bored or complacent and thus less productive than workers who are subjected to a little properly managed tension. Readers of Good to Great and Winning, as well as the Harvard Business Review and Strategy + Business, will find much to ponder in *The Right Fight*.

Olympic gold medalist, two-time world heavyweight champion, Hall of Famer, infomercial and reality TV star, George Foreman's fighting ability is matched only by his acumen for selling. Yet the complete story of Foreman's transition from an urban ghetto to global celebrity has never before been told. Raised in Houston's "Bloody Fifth" Ward, battling against scarcity in housing and food, young Foreman fought sometimes for survival and other times just for fun. But when a government program rescued him from poverty and introduced him to the sport of boxing, his life changed forever. In *No Way but to Fight*, Andrew R. M. Smith traces Foreman's life and career from Great Migration to Great Society, through the Cold War and Culture Wars, out of urban Houston and onto the world stage where he discovered that fame wrought new challenges. Drawing on new interviews with George Foreman and declassified government documents, as well as more than fifty domestic and international newspapers and magazines, Smith brings to life the exhilarating story of a true American icon. *No Way but to Fight* is an epic worthy of a champion.
