What is Daygame? Daygame is the art of meeting and attracting amazing women without going to nightclubs. It could be while you're walking down the street, in a clothing store, at the train station. It usually happens during the day, hence why it's called Daygame.

"One of the most admired men in the world of seduction" (The New York Times) teaches average guys how to approach, attract and begin intimate relationships with beautiful women. For every man who always wondered why some guys have all the luck, Mystery, considered by many to be the world's greatest pickup artist, finally reveals his secrets for finding and forming relationships with some of the world's most beautiful women. Mystery gained mainstream attention for his role in Neil Strauss's New York Times bestselling exposé, *The Game*. Now he has written the definitive handbook on the art of the pickup. He developed his unique method over years of observing social dynamics and interacting with women in clubs to learn how to overcome the guard shield that many women use to deflect come-ons from "average frustrated

chumps." The Mystery Method: How to Get Beautiful Women Into Bed shares tips such as: *Give more attention to her less attractive friend at first, so your target will get jealous and try to win your attention. *Always approach a target within 3 seconds of noticing her. If a woman senses your hesitation, her perception of your value will be lower. *Don't be picky. Approach as many groups of people in a bar as you can and entertain them with fun conversation. As you move about the room, positive perception of you will grow. Now it's easy to meet anyone you want. *Smile. Guys who don't get laid, don't smile.

By Leigh Sep 27, 2019An entertaining & honest account of a middle-aged man who after a lifetime of being inept at meeting and dating women, stumbles across Daygame. Think Crazy Stupid Love meets Dostoevsky i.e. a fascinating, funny and sometimes painful story where the processes of learning how to overcome deep-rooted beliefs about women, masculinity, and relationships through practical

field training is described together with an introspective analysis. I enjoyed this book as I think it reflects the experience of a lot of men, particularly older men, trying to address this area of their life. I can say that the account of his journey is authentic as I'm of a similar age and got into Daygame about the same time. The book is professionally written which is a rarity in this genre and is equally valid as an entertaining story or a valuable reference piece. By W A Feb 28, 2018 I loved this book!! One of the few books on pickup I've ever read cover-to-cover. Regardless of whether you're into pickup or not ("PUA"), this is an engaging, come-from-behind hero tale-- told autobiographically. Mr. Forrest's humanity comes through in a very self-effacing way, as he struggles with the ups-and-downs of learning "game" later in

his life. His maturity and self-doubt on the subject stand in sharp relief to the swagger of many PUAs whose youth and brashness consume most of the oxygen on this subject. It's a bit interesting that Mr. Forrest espoused filmmaking interests in this book because it actually has all of the essential storytelling elements of the classic "Hero's Journey" outlined by Joseph Campbell/Christopher Vogler (would make an interesting movie, imo). One of the inherent dangers of books on this subject of seducing women is that a thorough read potentially lulls its male followers into becoming bloviating keyboard theorists, not men of action, as notions delude us into thinking that knowledge somehow supplants or equates to experience. The reason that I strongly gravitate to the work of authors/YT'ers like Alex Forrest (and his impish,

gamesome compadre Tom Torero) is that they have a way of inspiring me to confront my fears and approach women in my daily life. And for those gents in their 40's or maybe more, with natural fears about aging and the what-if's of it all, this book addresses this older niche that has heretofore been all but ignored. Bravo, Mr. Forrest, bravo!By Dean Craddock Nov 7, 2017This is a great, high quality read, detailing Alex's journey into the world of pick-up through daygame.

If you want to play the Game, you've got to know the Rules. In his international bestseller *The Game*, Neil Strauss delved into the secret world of pick-up artists—men who have created a science out of the art of seduction. Not only did he reveal the techniques that they had developed, but he became a master of *The Game*, and the world's No. 1 PUA, as *Style*.

Now, in this bestselling companion, Strauss reduces three books of life-changing knowledge into a single-volume set. The first book, *The Stylelife Challenge*, breaks down the knowledge he learned and techniques he invented into simple step-by-step instructions that anyone can follow to meet and land the women of their dreams. In the second book, Strauss takes readers into the dark side of *The Game*. *The Style Diaries* offers a series of tales of seduction and sexual (mis)adventure. From accidentally getting married during a drunken night in Reykjavik, to luring a famous musician's granddaughter into a threesome; to the stress and frustration of the torturous and highly unorthodox "30 Day Sex Experiment," *The Style Diaries* takes you further into the seduction underworld than ever before. Finally, in the all-new,

updated third volume, Strauss collects the greatest, most powerful, field-tested, word-for-word routines. You don't need money, looks, or fame to succeed with women. All you need is an understanding of how attraction works—and this thirty-day workout program for your social skills, which has already guided countless men from frustration to fulfillment.

"Are you a man who has had enough of bars, clubs, and late nights? Are you fed up with online dating? This is a memoir of a lonely singleton who turned his love-life around (and upside down) after he stumbled on DAYGAME, the art of meeting and attracting women during the daytime. "Too Late, Mate?" tells the true story of a singleton and relationship virgin who spent most of his adult life bewildered, struggling to figure out where he was going wrong with women and wondering where he had misplaced his sex life. In the process he had achieved the impressive feat of amassing the largest collection of

female friends known to mankind, whilst simultaneously failing to sleep with any one of them. When all else had failed - relationship counseling, psychotherapy, the self-help book industry, secret cults, salsa dancing, tree-hugging... he stumbled on a bunch of renegade dudes who were experts at the art of approaching and attracting women during the daytime. It transpired that attracting women was not about waiting for "the one" or "being yourself" but about taking action. Indeed, taking action was the key to understanding the mystery about what women found attractive. So began an 18-month journey in which he met literally hundreds of girls in the street, went on dozens of dates and EVEN managed to persuade one or two of them back into his bedroom... All without ever going anyway near a dating website, bar, or

Recommended to anyone, whatever your level, who has any interest in this field.By W A 28-Feb-2018I loved this book!! One of the few books on pickup I've ever read cover-to-cover. Women are dangerous. Good, yet naive, men routinely wreck their lives because they "stick their dick in a blender" - having sex with the wrong kinds of women. STDs, unplanned pregnancies, false accusations, mental health headcases, and divorce make chasing skirts a dangerous game. While lesser men retreat from the pursuit of women into the pixel-powered pleasure world, you have faith that your hunt for a virtuous woman will be fruitful. You can't take a time-machine back to a more decent age to find a marriageable woman. You're not ready to give up on your genetic purpose and start banging sex robots, but you're tired of the transient,

meaningless flings with mediocre women. You're likely underestimating just how risky sex, a relationship, or marriage is with the modern woman. But you're also underestimating just how rewarding it is to win the commitment of "a nice girl" - a truly feminine woman, not at war with the natural order - and intertwine your essence with hers. "Don't Stick Your Dick in a Blender" is an irreverent, politically incorrect exposition of the state of dating in the current year. And a playbook of counter-intuitive approaches, advanced social dynamics lifehacks, along with filtering strategies for avoiding the time-wasters and inglorious skanks. How to meet a nice girl - Meeting a wife-material woman - Yes, it's still possible! Dating post-COVID-19 - The global pandemic/plandemic has changed the game, you must adapt. advice about how to lose your virginity. 33 steps are broken down for meaningfully losing your virginity. And in these pages, you'll get the "red pills" on dating, sex, and the fairer sex without the hopelessness and cynicism. You'll learn about the four red flags of a "blender" - deal-breakers that should make you back away slowly from a woman. You'll learn what qualifies as a virtuous woman who you might have a future with. And, why there's a lot of reasons to be optimistic about finding love and even getting married one day. This book is also a story of hope and redemption, the memoir of a reformed pickup artist who "enjoyed the decline" all the way from America and Colombia to Ukraine and found edifying joy and meaning between the voluptuous thighs of a beautiful Bulgarian woman on the edge of Europe.
