Stop Telemarketing Calls & Get Paid was written to address the current epidemic of robo-calls in the US. In 2018 alone, there were more than 47 billion robo-calls placed to US consumer cell phones. This is staggering, considering the amount of robo-calls placed just 5-10 years prior. In my book, I will show you a tested and proven, step-by-step process to stop the calls permanently but also how to force these telemarketers

to pay you from \$500 to \$1,500 per call that they placed to your cell phone (without your permission). My book shows you how to leverage a small provision that was included in a little-known Federal Law that was passed by the US Congress in 1991. This law is known as the Telephone Consumer Protection Act and it is very long and confusing. My book extracts the only parts of this law that you need to know and none of what you don't need to know. Plus, as an added bonus, my book includes a sample demand letter that can be tailored to fit your specific circumstances.

Telemarketers hate that this book was published because it is about to change the way they do business permanently! Everything you need to know is in my book as it was crafted to be direct and to the point, leaving out all the jargon that can bore a reader and putting the most effective information in front of you. Don't wait any longer to stop these abusive and interrupting robo-calls, purchase my book today and stop the madness!

Articles, charts, lists, photographs and illustrations to help you eliminate confusion and uncertainty about topics such as stocking your kitchen, talking about your health, straightening up your home office, taking, editing, storing and sharing digital photos, doing laundry, preparing a home emergency kit and buying electronic gadgets for your car.
